At Jewell Hardwoods we produce custom, unique projects with consistent quality. Our diverse team of artisans thrive on creating exclusive designs for any application.

Our furniture is crafted on schedule with meticulous attention to detail. This is where artistry, craftsmanship and structure unite.

ABOUT
US

At Jewell Hardwoods we have thousands of slabs to choose from. Each style can be made in almost any size and a variety of species.

LIVE EDGE

The unique character of a solid hardwood slab brought together with expert craftsmanship. We specialize in extremely long and wide tables for all applications.

MERGE COLLECTION

With the live edge turned inward and clean lines “The Merge” brings creative energy to the conference room. Data ports naturally fit within the black river. This collection is available in custom sizes to suit your needs.

BRIDGES COLLECTION

One of our most popular styles. Each piece is a unique blend of perfectly set bow-ties and custom cut glass. A variety of glass colors are available.

COLUMBIA GORGE COLLECTION

Inspired by our local Columbia River Gorge this collection captures the seamless beauty of nature by combining custom cut glass with stunning hardwoods.

TRINITY COLLECTION

The perfect combination of wood, steel and glass gives this collection its name. Shown in curly maple burl at 8' x 4'. Contact us for sizing a pricing options.

INTRIGUE

A seamless single piece walnut top paired with a polished stainless base which won best in show at "Dwell on Design 2017".

THE ELIZABETH

Polished brass legs and a square edge walnut top give this table a clean look. Contact us for custom sizing and pricing.

CASCADE COLLECTION

Drawing inspiration from the beauty of a flowing waterfall, this collection features a single slab for both top and legs. This creates a consistent grain movement through the entire piece. Available in a variety of sizes and power/data options.

THE LIVE EDGE SIT & STAND DESK

The element that has been missing from the sit/stand movement is beauty. This collection joins stunning hardwood slabs with quality raise/lower legs. Drawers can be added upon request. Shown with pivot live edge drawers.

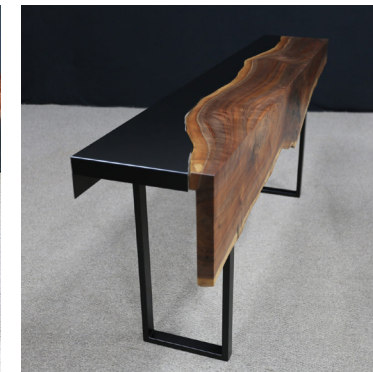

ARCADIA

A waterfall sideboard that balances style and function.

SUMMIT

A cabinet where the smallest details come together to make the greatest impact. Contact us for pricing and sizes.

VERGE

Custom steel and a waterfall front come together to highlight the natural edge.

THE ALLEN

This desk represents the perfect blend of beauty and function. One waterfall leg, dovetail drawers and outstanding character set this desk apart. Contact us for pricing and sizing.

HARMONY

The devil is in the details. The solid walnut single piece top is paired with elegant custom chrome legs. 30"x18" shown, available in custom sizes.

ROOTS

A maple burl section that was hollowed out by nature is meticulously finished to perfection. The final touch is a recessed piece of clear glass. Availability is limited.

TRINITY

The flawless combination of wood, steel and glass gives this collection its name. Shown in curly maple burl at 4' x 2'

BOXED IN

Satin Walnut and inset raw steel legs provide a blend of industrial and organic styles.

SUSTAINABILITY FIRST

STUMP

Available in Walnut and Maple, these pieces liven up a room with a touch of rustic elegance.

SLICE

A simple round set on hairpin legs. Available as end tables or stools these offer a cost effective way to add personality to the room.

BURL

A striking coffee table with outrageous maple burl character. Contact us for optional sizes and base options.

I had high expectations,
but you exceeded them.
- Brian

THE FALLS

Nothing makes a statement like the clean lines of a low waterfall table. Shown with a single piece Black Walnut 14' x 30" x 15" high. Contact us for pricing, sizes and availability.

50/FIFTY

The raw beauty of nature with the quality of fine furniture. This bench features a half log with minimalistic steel legs. Contact us for sizing and availability.

TRESTLE

A simple hardwood bench with matching legs. Available in a variety of sizes and types of wood.

X

A bench with simple steel legs that goes well with our Xavier table base.

WATERFALL BENCH

The legs and top are made from a single continuous slab for a clean look.

OUT OF THE BOX

At Jewell Hardwoods we specialize in custom creations and problem solving. This Chevy themed bar was no exception. Jeremy restores Chevy muscle cars and wanted something unique and personal. The project was completely designed and built in house. Featuring a curly walnut top, blackened steel cladding, custom Chevy themed drawer pulls and a hood from a 1948 Chevy pickup. ***What dream project can we bring to life for you?***

CUSTOM BARS & COUNTER TOPS

From extraordinary restaurant bars to residential counter tops and islands, our commercial grade finish stands up to the demanding applications of the restaurant industry. Contact us to discuss your next counter/bar project.

OUR PROCESS

We are able to offer our clients an exclusive selection of over a thousand slabs because we source and mill all our own material. After the 2 year drying process we passionately handcraft one-of-a-kind fine furniture. Choose from one of our collections or contact us to collaborate on a custom design.
